

# Macro to Wide-Angle, the best compact underwater camera system on the market.

Construction	Polycarbonate
Depth rating	55m / 180ft
Dimensions (WxHxD)	158x109x109mm / 6.3x4.4x4.4inch
Weight	Approx. 530g / 18.6oz (excluding hand strap)
Underwater weight	Approx. -110g / -3.9oz

DX-2G Camera and Housing Set

## DX-2G

DX-2G Camera and Housing Set (Black) Product No. 06604

### From super macro to wide-angle photography

Features a macro mode for close-up photography, allowing you to get as close as 1cm / 0.4inch to the subject at the wide-angle end or 4cm / 1.6inch at telephoto end. Even with a standard lens, you can achieve an angle of view of 24mm at the wide-angle end.

Angle of view of 24mm at the wide-angle end.

1cm macro mode for close-up photography.

### An evolution in beauty – SEA&SEA mode perfect for underwater photography

Features SEA&SEA mode, a still image mode for optimal underwater photography. The color balance is automatically set so anyone can easily take pictures of beautiful deep blues.

Program mode

SEA&SEA mode

1/1.7-inch CCD with approximately 12.1 effective megapixels.

Large, high definition 2.7-inch LCD monitor with 460,000 pixels.

CCD shift method vibration correction to capture each moment with precision.

24-72mm, 3.0x optical zoom lens that demonstrates excellent optical qualities for any lighting situation and focal length.

Automatic brightness level compensation function to limit blown highlights and reduces blocked shadows.

#### Accessories

##### Wide-Angle Conversion Lens for DX-1G

Product No. 52116

When the wide-angle conversion lens is mounted, the angle of view increases from 24mm to about 16mm (35mm film equivalent). (The lens can be used on land as well as underwater.)

##### Macro Diffuser for DX-1G

Product No. 28107

By using this product, perfectly lit macro images can be taken with the 2G camera's built-in flash.
